Holy Week Theme: A SENSE-ATIONAL SAVIOR

Holy Week—Palm Sunday, Maundy Thursday, Good Friday, Easter—is not just a historical eight days to be remembered from the past. Holy Week can be experienced in the present. Therefore, during Holy Week, all five human senses will encounter God on a human level. This experience is meant to underscore the reality of God’s incarnation—the humanity of Christ. This experience is aimed at making the historical event of Holy Week personal.

Individuals and families are invited to experience Jesus’ journey through Holy Week in a hands-on sort of way by connecting with the ‘SENSE-ational Savior. You will be invited to use your senses—to see, hear, smell, taste, and touch His mercy and grace.
